PROFESSIONAL EXPERIENCE

Valuation Consultant

July 2023 – April 2025

Felix Advisory Private Limited — Delhi, India

- Prepared 70+ client valuation reports applying DCF, comparable company, and precedent transaction analyses across M&A and venture capital transactions.
- Executed purchase price allocation (PPA) and option pricing model (OPM) analyses to value equity, intangible assets, and complex securities.
- Built and maintained integrated three-statement financial models in Excel to support deal execution and regulatory filings.
- Liaised with clients and internal deal teams through professional correspondence and presentations across concurrent engagements.

Valuation Intern

July 2022 – June 2023

Felix Advisory Private Limited — Delhi, India

- Developed foundational financial models and supported preparation of client pitch materials and valuation documentation.
- Contributed to live deal workflows, delivering analyses accurately under tight deadlines, and earned a full-time offer after 12 months.

Business Development & Market Research Analyst

December 2025 – May 2026

Yura International — Chicago, IL

- Authored market research briefs and reports informing strategic planning and investor discussions.
- Drove a 20% increase in corporate client engagement by translating research findings into targeted outreach.

Accounts Payable Student Assistant

June 2026 – Present

DePaul University, Accounts Payable Department — Chicago, IL

- Process and reconcile 200–300 vendor invoices weekly in Oracle Cloud ERP, executing weekly check disbursements with full accuracy.
- Reconcile vendor statements and resolve discrepancies across internal and external stakeholders via ServiceNow, email, and phone.

ACADEMIC PROJECTS

- **NIKE, Inc. vs Under Armour — Financial Statement Analysis.** Authored a 12-page five-year ratio analysis with a turnaround thesis: brand and pricing power intact, profitability erosion self-inflicted through inventory mismanagement, balance sheet a fortress throughout.
- **Valuation & M&A Models.** Built an APV valuation of Sampa Video (five financing structures), an M&A model for Monmouth (DCF, EPS accretion/dilution, sensitivity), and a real-options valuation of a growth project using Black-Scholes and binomial trees.
- **Quantitative & Empirical.** Estimated a Fama-French three-factor model on a small-cap value ETF ($R^2 = 0.96$) and a regression of Visa returns on the currency-adjusted Nifty 50, with full hypothesis-testing and residual diagnostics.

LEADERSHIP & CAMPUS INVOLVEMENT

Vice President of Events

January 2026 – Present

Kellstadt Finance Association — DePaul University, Chicago, IL

- Organize finance speaker sessions, professional panels, and networking events, coordinating logistics with faculty, alumni, and industry guests.
- Manage event communications and maintain organized records across student, faculty, and alumni stakeholders.
